Summary

Front-End Developer with 4+ years of experience delivering scalable web solutions and contributing to diverse IT initiatives. Skilled in designing user-centric applications, optimizing system performance, and integrating backend services. Proficient in modern frameworks like React and Next.js, with expertise in API integration, CMS management, and website optimization. Adept at collaborating with cross-functional teams to deliver innovative digital solutions on time and within budget. Passionate about leveraging technology to solve complex problems, enhance workflows, and drive measurable results in both frontend development and broader IT environments.

Experience

Freelance Web Developer

Lukeman Airbnb, Homestays & Villas | September 2023 - Current

- Developed a responsive, SEO-optimized website using Next.js and Tailwind CSS.
- Integrated booking functionality to streamline user experiences.
